ALIENS(1986)Reviewed by Jaff [illegible]
Directed by James Cameron(PH [illegible] THE SPAWNING; THE TERMINATOR) Starring Sigourney Weaver
ALIENS has all the qualities [illegible] horror flicks like suspense and good acting. And don't [illegible] for another round. This time she is brought her whole [illegible] by a group of space marines. Their job is to check [illegible] th. It seems like a simple enough job but it isn't [illegible] on there. the story becomes [illegible] the original. Except this time there's thousands of [illegible] or they have weapons. So as [illegible] of the cast we approach to the climactic scene [illegible] room has the queen of the [illegible] kill Weaver. In my opinion ALIENS is out of this [illegible] 3½ \3 ****

SATAN'S CHEERLEADERS(1977)reviewed by Paul DeCirce-
Gently remember, it was cold outside that night. I was looking forward to a good laugh. I didn't get it. I asked myself (as I delved into the Dorite's) what flick he got. Hmm, SATAN'S CHEERLEADERS. Sounds positive. I looked at the box as he put the movie in. Stars John Ireland, Yvonne DeCarlo(Munsters) and John Carradine. Cool! Sounds like a good laugh. Total, I figured. Sounds like the fifth flick at a dusk-to-dawn show! The owner's knew that the people would be half asleep when this trash came on. Our cheerleaders,(no they aren't Satan's) are Sharon, Chris, Debbie and Possessed Patti. Their coach is a sadist two-by-four. These no-name jerks were so horrendous, I almost hit the "eject" on the projector. But not quite. The perverted janitor of the school, Billy, tries to save this vomit vendor. Alas, even his perverted antics weren't enough. The problem is, Billy committed himself to Satan! So now, he proudly wears a cardboard cutout with a machine gun in his neck. He vexes the cheerleaders (I know, that sounds sexual, satana climaxed me), only to be caught by the stud football players. Various scenes: Patti as an air guitar locker room. The toothless geezer just happens to be hanging around there when they say Billy right? But he has his revenge. He causes the cheerleaders to spin out and stall (and possess satana blessed me) while they were on the road. Cool! The final game. So the cheerleaders and the coach get a ride from Billy (who just happens to be driving). And hey dood Billy have it in for them! He brings them to the high priest altar. Immediately Patti strips and lays on it. The devil has his way with her. Be sure to notice the high quality lens-coloring; I laughed so hard I choked on my Dorito's. Anyway Billy the pervert wanted her; so he goes into a rage. So he passes out (only to be killed by the sheriff later. The cheerleaders find the sheriff (who has secretly turned the town into devil worshippers. The sheriff has his wife slain sacrificed on the altar. The girls at the altar. The cheerleaders find out and split only to be captured by the townspeople. The heroes of this flick two boys (Chris and Diable) are left to guard the hostages but they end up letting them escape. Then the sheriff's wife kneels at her altar and screams 'Get them. Kill them!' so many times I thought the sound effect was skipping in it! Speaking of the soundtrack why was there constant See Dess-type music behind every scene? The goons that performed this audible chunk of cheese-maid is Satana! Hey, I have a twenty-ten of their albums! Why they had appropriate music they could have had a halfway no a quarterway decent exploitation. But noooo! Instead the tawna people (excluding the hum played by John Carradine) she was excellent but couldn't even save this sewage) chase the girls to the dressed altar for the sacrifice. But which one is it? Surprise! It's the coach. But who the wann't pale. The sheriff raped her around (unchtime. Getting nervous- the sheriff shows the pre recorded devil-moans and tells how it's all fake. But per patti says it's real! She's the mistress of the darkness. Then she comes running from the bushes? Billy the pervert! But the sheriff kills him. Aw who cares the movies shot anyway. Billy sticks a beam through the sheriff and kills him. And what of the sheriff's wife? Doggies Lucifer and Diablo return for lunch and she ate it! This sour stupid savagely awful piece of excrementing toxic septic water finally ends with Patti using her devil powers to win the football game. Oh what a treat. I look over to my friend. His mouth was dangling open. That unadulterated garbage. Yeah; that about sums it up. The fool who directed this torture-to-watch schlock is Temple Of Fame behinee Greyden Clark (JOY STICKS BAD BUNCH BLACK SHAMPOO ANGEL'S BRIGADE). He won't make it- RATING:#'s

TENTACLES(Italian 1977)Reviewed by Chris Poggiali-
Sniff sniff. I smell a JAWS rip-off! And not a very good one either. In fact TENTACLES is downright boring. It's about a giant octopus that decides to tear people limb from limb and destroy boats. This water logged menace is shown for about two seconds. Most of the "me all you see is a stiff tentacle thumping around the place. The cast is unbelievable. Henry Fonda John Huston and Shelly Winters probably needed some fast grocery money. Claude Akins (Sheriff LOBO !! -o- books as in C-S Canova are three more troubled thespians who managed to stain their careers s- oppearing in

/ighty mound of soggy clumsy It wouldn't be so bad if there was some action, but there's nothing! Boredom! Just one horrible scene after another each one highlighted by grainy webbing close-ups of feet and noses. THE ROAD WARRIOR(Australia:1981)Reviewed by Karl Buechner. 'THE ROAD WARRIOR starring Mel Gibson (ATTACK FORCE Z THE MUTINY) as director George Miller's (TWILIGHT ZONE THE MOVIE THE AVIATOR) sequel to MAD MAX(1979). Max Dibson) is the original "most-apocylose tough guy with a tough car" Pay no heed to the feeble WARRIOR OF THE WASTELAND rip-off attempt You ought be tempted to rent it from the video store but believe me, THE ROAD WARRIOR is what you needs The plot is simple and the classical soundtrack is beautiful There is no car chase footage of this quality in any other film Cars are demolished flipped and crashed People are run over People are shot with blow guns dragged and beaten In this exciting film of destruction and carnage there are hidden messages The most obvious is that humans are basically animals An animal's first priority is self-preservation After the nuclear war humanity regressed and lost it's morals in order to survive The sequel is MAD MAX BEYOND THUNDERDOME which is also directed by George Miller (with George Ogilvie) RATING *****

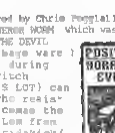
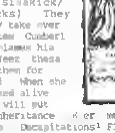
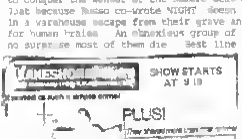
MARK OF THE DEVIL(West Germany/England/1970)Reviewed by Chris Poggiali
This infamous early gore film is similar to "THE CONQUEROR WORM which was released two years earlier. That film had class, though. When MARK OF THE DEVIL first played at theaters, a rumor that distressed bags were handed out to patrons. In an Austrian Hamlet during the 17th century a crazed ugly sadistic witch finder named Albino (Reggie Nader from SALEM'S LOT) can condemn anybody he wants as a witch. Women who resist his lecherous advances are condemned. Along comes the infamous witchhunter Lord Cumberland (Herbert Lom from 99 WOMEN and the PINK PANTHER FILMS) and his sidekick/student (Udo Kier from the Warhol horror flicks). They think Albino has been a naughty naughty boy and they take over in an attempt to bring justice to the witch trial system. Cumberland turns out to be crazier than Albino. First he blames his impotency on a suspected witch and has her tortured. Jeez, these torture scenes are vile. Schlock fans will get into them for sure. A topless woman poked with needles and stretched. When she doesn't confess, her tongue is torn out and she's burned alive. Cumberland then pulls a fast one on a young prince and will put him on trial for witchcraft unless he gives him his inheritance. Meanwhile, Albino falls in love with a suspected witch and sees Cumberland kill Albino. Decapitations! Flaggings! Stretching! Poking! Lynching! Burning! Water torture! Rape! Tar and feathering! This ain't my sort of thing, but it was a big drive-in hit during the seventies--and it has played on double bills with movies like LAST HOUSE ON THE LEFT, THE BIG DEAD, "WITCH ON THE DEATH, EVIL DON'T OPEN THE WINDOW and APARTMENT ON THE 13 TH FLOOR. If you're a true drive-in schlocksters see it now if you haven't already!RATING:***½





THE RETURN OF THE LIVING DEAD(1985)Reviewed by Paul DeGrace
Rumor Written by John Russo (NIGHT OF THE LIVING DEAD MAJORETTES) and directed by Dan O'Bannon. Starring Clu Gulager(NIGHT OF THE LIVING DEAD) James Karen ("INVADERS FROM MARS) Don Calfa and Thom Mathews(FRIDAY THE 13 TH 6)- I'm sorry people, I just didn't dig this one. I wasn't vandalized. There were good actors in it, but the fact that this movie was made makes me sick! Do not confuse this with the inspiring NIGHT OF THE LIVING DEAD. RETURN is not a sequel to it. It is a rather feeble attempt to conquer the wonder of the Romero dead stories that because Russo co-wrote NIGHT doesn't make it a sequel. Some punks break in a warehouse escape from their grave and cause the dead in a nearby mortuary to rise and seek for human brains. An obnoxious group of punks on a drug stream and high on adults. There's no surprise most of them die. Best line of dialogue comes from a zombie who wants more human brains: Send more cops. That's the spirit. They tried to make a Romero movie without Romero. That's like Bugs Bunny without Mel Blanc. This useless waste of talent should be thrown into Onondaga Lake with the rest of the garbage. Sequel RETURN OF THE LIVING DEAD:PT.2 Maybe they'll shape up this time. But as for the first one RATING:*



THE CANDY SNATCHERS(1973)Reviewed by Chris Poggiali
Hot blonde Tiffany Bolling (BONNIE'S KIDS and A TOUCH OF THE SPIDERS) and her two sleazy friends kidnap and rape a rich teenaged girl. Her father decides he'd rather not

r dead than say the ransom. This drives the kidnappers up the wall. Tiffany gets troublesome and
ms out a real you-know-what. But her fat sidekick befriends Candy and releases her before the
lice. Tiffany is very hot alive DIRTY SECRET-style, big hair up like a mushroom
the second kid appear to try to rape her. And then they her again.
r father gets his just desserts in the end, right after a speed-up
r chase. Too much time is spent on some nuts kid, who sees the
ts as furry Candy, and how Candy's daddy cheats on his wife. The
ldren is pretty downbeat Tiffany, the two crooks, and Candy's dad
lled. Candy is left buried in the ground, and the mute kid shoots
e mother. This movie is well written, entertaining, and deserved
ger budget. Oh, sorry I gave the ending away RATING:•••
